Hello Fellow Business Professionals,

*I invite you to be a member of my referral team or to become a **Family of Light BEMER Distributor**. Either way, you would be able to add additional income streams and product offerings to your existing Business Success.*

BEMER technology increases blood flow, targeting the microcirculation.

Yes, I am passionate about our amazing BEMER technology which has brought relief to millions worldwide over the POWER of the PAST. Our company's mission is to get a BEMER into every home. It's an ambitious goal to be sure. One way we've managed to expand in the US is with the help of valued potential partners like you.

Can you think of one of your clients who needs to bring BEMER into their life? My ideal client is someone who wants increased muscle stimulation and improved blood flow, better energy and endurance, and better rest and relaxation. The fact is, many illnesses and ailments are due to poor muscle performance resulting in poor circulation, so our product can benefit just about anyone, from people who struggle to unwind at the end of the day, to athletes who want to recover faster post workouts, to those who simply want to protect their general well-being in a non-invasive way.

Like you, I rely heavily on referrals to advance my business and that is why I also provide referral fees for recommendations that lead to a sale. We can talk about how that works vs. the business opportunity and possibility of you becoming a certified BEMER Distributor when we meetup.

In the meantime, here is a link to a video: "What is BEMER (6:38 min)"

Joya
