

Unlike other aloe skin creams on the market today, which can include preservatives like formaldehyde or animal-based ingredients, our product uses **100% organic Barbadosis aloe leaf juice and other natural ingredients as part of our proprietary formulation. 100% organic Barbadosis aloe is the most researched and used of the more than 300 species of Aloe.** It contains over 75 nutrients with 200 active compounds. **These natural active compounds include 12 vitamins, 20 minerals, and 18 amino acids. It is the combination of these nutrients working together that creates such incredible results!**

“My forearms, wrists, and elbows, which have Psoriasis are clearer and it’s almost gone!”

Y.H.H.

“I work in construction and my hands and skin get very dry. This product is amazing, my wife lets me hold her hand now!”

J.A.

**Our Aloe Vera Miracle Cream** is so effective, many of our customers have deemed it their “one-stop” skin care solution. We do not compromise quality and thus our cream provides many essential **natural botanicals**, including **antiseptic properties** to combat infection along with **analgesics** to reduce pain and **anti-inflammatories**.

**Customers have reported dramatic improvements in these conditions as well:**

- |                 |                  |                 |
|-----------------|------------------|-----------------|
| Abrasions       | Cradle Cap       | Psoriasis       |
| Acne            | Cuts             | Radiation Burns |
